

Writing to Your Child

You will receive two letters and a new photo from your child each year. The country director determines the dates the children will write and send letters. We understand you're excited to receive a letter and photo from your sponsored child. We're excited for you to hear from him or her, too. Just know it may take several months for the letter from your child to arrive. Your sponsored child would love to hear from you and get to know you better, and we encourage you to write to him or her. Feel free to share about your family, church, work, hobbies, and interests. Make sure you also let them know you want to be their friend and will be praying for them.

It's easy to get started. We have sponsor letter templates on our website that you can download and print, or you can use your own paper and leave room for translation. Mail your letter to our office, and we will forward it to your sponsored child. Make sure you include your child's ID number and name on each piece of correspondence and photo. You can also send an email to your sponsored child through our website. Visit childrenofpromise.global/write to send your message and upload family photos.
