

By filling in the gaps that some sponsored children face, we've found
A NEW WAY TO MAKE WHOLENESS POSSIBLE

PRE-SPONSORSHIP

The **Gap Fund** enables a child to start their sponsorship journey before an ongoing sponsor is identified. This significantly decreases the child's wait time!

CONTINUITY

There are times when a sponsor has to discontinue sponsorship for personal reasons. The **Gap Fund** makes it possible for the child to continue their sponsorship journey without interruption until a new sponsor is identified. Continuity of care is key!

SCHOLARSHIP

Traditional sponsorship continues through a child's high school education. For those children with the dreams and acumen to continue their studies, the **Gap Fund** can provide scholarship opportunities for trade school, college, or university!

Single or recurring gifts of any amount to the Gap Fund make wholeness possible for sponsored children.

Abigail dreams of being a fashion designer. Gifts to the **Gap Fund** will ensure that she, and other sponsored children, won't experience gaps in their sponsorship journeys. Give to the **Gap Fund** today!
